City of KINGSTON

September 2026

To the Resident,

Amaroo Drive/Enterprize Avenue Reserve landscape works

We're enhancing the landscape and vegetation at Amaroo Drive/Enterprize Avenue Reserve in Chelsea Heights by transforming a portion of the existing grassed area into new garden beds. The project will increase biodiversity, reduce radiant heat through new tree and understory plantings, and improve the overall appearance of the reserve.

Project details

Works are planned to commence in October, weather permitting. The grassed areas identified for conversion will be sprayed and mulched, followed by an ongoing weed management program over the next 12 months. Planting is planned for winter in 2027.

Project impacts

The reserve will remain accessible to residents throughout the works. Vehicles and small machinery will be used during the initial stages, particularly when mulch is delivered and spread, which may result in some noise and temporary activity around the work areas.

We apologise for any inconvenience and will minimise disruption where possible while maintaining a safe work site.

Further information

For further information about the works, please contact Council's Open Space team via kingston.vic.gov.au/contact
