

October 2025

Road reconstruction – Broadway, Bonbeach (Station Street to Fowler Street)

We're improving Broadway, Bonbeach to create a safer and more accessible street for our community.

The works will include:

- Reconstruction of the road, kerb and channel, footpath and vehicle crossings
- Drainage improvements, including new pipes and pits.

All significant trees will be retained, with tree protection measures in place during construction.

Every year, we invest in Kingston's roads, paths, and drainage networks to support the current and future needs of our community. Please refer to the attached maps and plans for more details.

Construction details

Construction is expected to begin in Spring 2026 and take approximately 20 weeks to complete. More specific timing information will be provided once a contractor has been appointed by Council.

During the works, access to some pedestrian areas may be temporarily restricted. We'll work to minimise disruption and will provide clear signage for alternative pathways.

Additional details, including contact information for construction-related queries, will be shared closer to the commencement of works.

We look forward to delivering these improvements for the community.

Further information

For general project information, please contact Brian Trower, Team Leader Roads and Drains via email kingston.vic.gov.au/contact-us or on 1300 653 356.

For matters relating to the project design, please contact Darren Stephens, Senior Design Engineer via email kingston.vic.gov.au/contact-us or on 1300 653 356.
