## Florence Street, Mentone (Plummer Road to Davies Street) – Road and Drainage Improvements

Every year we invest significantly in Kingston's roads, footpath, and drainage network to support the current and future needs of our community.

We plan to undertake improvements in Florence Street, Mentone. These improvements will include:

- Pedestrian improvements including construction of refuge and pram crossings
- Construction of new kerb and channel, vehicle crossings and minor road pavement
- Drainage improvements (installing new drainage pipes and pits)
- New asphalt surface from Plummer Road to Davies Street

Significant trees will be retained, and tree protection measures will be in place during the works.

Refer to the attached plans for more details.

### Construction Details

Works are expected to be completed by late March 2026 and will take around 4 – 8 weeks to complete.

The construction works will restrict access to some pedestrian areas for short periods of time. We will aim to minimise disruption and will provide adequate signage for alternative pathways.

Closer to the time of construction additional information will be provided, with details on who to contact during construction.

We look forward to delivering these improvements for the community.

### Further information

For further information relating to this project please contact Laura Wen, Design Engineer or Glenn Olin, Drainage Strategy and Future Works Coordinator via email [kingston.vic.gov.au/contact-us](mailto:kingston.vic.gov.au/contact-us) or on 1300 653 356.
