

May 2026

To the Resident,

We're improving the fenced dog park at Reg Marlow Reserve, Mentone

As part of our commitment to providing high-quality open spaces, we regularly inspect our parks and reserves to ensure they remain safe and functional for our community. Following recent assessments, the fenced dog park at Reg Marlow Reserve in Mentone has been identified as requiring surface upgrades and enhancements to the surrounding landscape.

Project details and timing

The improvements will include creating garden beds around the perimeter of the dog park and replacing the existing, failing grass surface with granitic material.

Works are scheduled to commence in early June and are expected to take approximately four weeks, weather permitting.

Project impacts

During construction, the dog park will be temporarily closed.

Fencing and signage will be installed around the work area to ensure community safety. In the meantime, users are encouraged to visit the nearby dog off-leash areas at Derring Lane Reserve in Cheltenham, Farm Road Reserve in Cheltenham and Southern Road Reserve in Mentone.

We apologise for any inconvenience and will make every effort to minimise disruption while maintaining a safe work environment.
