

April 2025

To the Resident,

UPDATE: Walter Galt LED Sports Lighting Upgrade – Oval 1

Our plans to install LED Sports Lighting Upgrade this week have been met with an unexpected material supply delay. Works are now due to commence in late May and will take approximately 4 days to complete.

Oval 1 will be utilising the existing lighting until the new lighting is installed.

Project details

This upgrade will allow the Mordialloc Braeside Junior Football Club to play and train safely under modern sports lights. The sports lighting upgrade includes replacing the outdated metal halide lights with modern LED lights. This replacement brings the lighting to standard, consistent with Oval 2 and AFL Victoria and Southern Football Netball League Standards of 150Lux (including light spill management). Please see the map overleaf for project locations.

Installation timing and impacts

Access to Walter Galt Reserve will be maintained throughout the works, with temporary fencing surrounding the dedicated works zones for the safety of the community. We apologise for any inconvenience and will minimise disruption wherever possible.
