Balcombe Road, Mentone - Footpath Reconstruction Project Update

Council is writing to residents to keep you informed about footpath reconstruction plans in Balcombe Road, Mentone.

Council has been planning for footpath replacements between 152 and 206 Balcombe Road, and between 147 and 169 Balcombe Road to improve safety and amenity for pedestrians and residents. A bulletin notifying the community of these works was distributed in October last year.

In the best interest of the local community and to minimise additional disruption in the area, Council has rescheduled these works to after the Level Crossing Removal Project has been completed in Mentone.

The footpath works are expected to be carried out in early 2021.

Closer to the time of construction, an additional bulletin will be provided with detailed information on when the works will be carried out and who to contact if any issues arise during construction.

Further information

For further information relating to the construction or timing of the project, please contact Brian Trower, Team Leader - Roads and Drains, or for matters relating to the design of the project, please contact Dan Skinner, Design Projects Coordinator, on 1300 653 356 or via e-mail info@kingston.vic.gov.au.
