Laneway reconstruction – Yarella Lane, Edithvale

Council is continuing to invest significantly in Kingston's road and drainage network to support the current and future needs of our community. Council has been planning laneway and drainage works in Yarella Lane, Edithvale and are now pleased to advise that construction works are due to commence.

The works include:

- Construction of a concrete laneway behind 238 Nepean Highway to 243 Nepean Highway to replace the existing gravel surface.
- Installation of a stormwater drainage system.

Please refer to the enclosed plan for details.

Construction Details

Works are expected to begin in March 2022 and will take approximately 3 weeks to complete. Access to abutting properties will be maintained for the majority of the construction period and Council will endeavour to minimise disruption but there will be short term restrictions to laneway access to allow for construction works.

Further information

For further information relating to the construction or timing of the project please contact Brian Trower, Team Leader Roads & Drains, or for matters relating to the design of the project please contact Daniel Skinner, Senior Design Engineer, via email info@kingston.vic.gov.au or on ☎ 1300 653 356.
