

information bulletin

To the Resident,

Christina Terrace Reserve, Dingley Village – Lawn Reinstatement

Council's Parks team recently inspected the grass at Christina Terrace Reserve in Dingley Village and determined that some areas were in decline and warranted replacing.

The affected grass will be reinstated in May.

Thank you for your patience during these works. When the renewal is complete, the park will once again offer a vibrant green space for the community to enjoy. It will also be regularly maintained into the future to ensure that the turf remains in good health.

Construction timeframes and impacts

Construction is set to commence in early May and is expected to take seven days complete.

The affected areas will remain fenced until July to allow the grass to develop and take root.

We apologise for any inconvenience during the works and will minimise disruption wherever possible, while maintaining a safe work site.
