

information bulletin

To the Resident,

Peter Scullin Reserve Playspace Improvements – Shade Sail Investigation

Council is planning major improvements at Mordialloc's much-loved Peter Scullin Reserve.

As part of the improvements, Council will be investigating the structural integrity of the shade sail posts in the Peter Scullin Reserve playground. The investigation will provide Council with important information regarding the performance and life expectancy of the shade sails.

Construction impacts

For the safety of the community, the playspace will be temporarily closed during investigation works. Please see map overleaf for the closest alternate playgrounds within 1.5km.

We apologise for any inconvenience and will minimise disruption wherever possible.

Timeframes

Works are set to commence Monday 31 May and are expected to be completed within 7 days, subject to weather conditions.

Concept plans update

Earlier this year Council asked the community what they loved and what needed to be improved at Peter Scullin Reserve. Thank you to everyone that provided feedback.

Your feedback is being used to inform the draft concept plans for the Peter Scullin Reserve park plan and playspace renewal. Draft concept plans will be available for community feedback in the coming months.

Council looks forward to delivering these improvements for the community.
