

information bulletin

To the Resident,

The Heath Common Playspace Renewal

As part of our ongoing investment towards creating an active community, Council is renewing The Heath Common playground.

In late 2020 Council consulted with the community regarding the playspace design and we thank everyone that provided feedback.

We heard from residents they wanted a cubby for imaginary games and play, upper body play equipment with chin-up, twirl and monkey bars, and improved access into the playspace. We are writing to nearby residents to provide an updated plan based on the feedback received.

The renewal will feature a new neighbourhood-level play-space with play equipment for children of all ages. Images of new equipment are shown at Appendix 2.

The equipment will be accessible by a rubber soft-fall path.

At neighbourhood-level playspaces Council provides new park furniture, including a picnic shelter and picnic tables. New gardens beds and shade trees are also planned.

Construction timeframes

Works are expected to commence in mid-2022.
