## Yammerbook Reserve Fence Removal

To enhance Kingston's open spaces and improve access and amenity to Yammerbook Reserve, Council will soon be removing the fence surrounding the lake.

A section of the fence along Wells Rd will remain in place to prevent unauthorised vehicle access, along with a small section of fence protecting the Wells Rd drain.

The reserve and the lake will remain as a dog on-leash area.

## Construction timeframe

Works are scheduled in the coming weeks and will take approximately 1 week to complete, weather and COVID restrictions permitting.
