## Main Road, Clayton South – Notice of Parking Changes

### Background

Council is responding to concerns from local businesses regarding onstreet parking on Main Road in Clayton South.

### Council Action

Main Road runs through an industrial area. As such, it is critical to the performance of local businesses that delivery vehicles can enter and exit the necessary properties.

Council has conducted an analysis to assess the entry and exit of large vehicles into private property in the street. The results showed that larger vehicle access could be improved by the removal of parking.

As such, Council will be implementing a 'no stopping' zone along the nature strip outside 73 Main Road. Council will be removing parking at this nature strip by installing yellow edge line marking along it. This yellow edge line marking will create a 'no stopping' zone at this nature strip.

This will improve safety and ease the entry and exit into private property for large delivery vehicles.

The line marking will be installed within the next 2-4 weeks.

### Further Information

For further information please contact Traffic Engineer Linda Tran on 1300 653 356
