## Chapel Road, Moorabbin – Changes to parking conditions

### Background

In September, Council consulted business owners about their opinion on the following changes:

**Option 1** – Remove existing 15-minute restrictions and replace with a loading zone.

**Option 2** – Retain existing 15-minute restrictions.

### Council Action

Community feedback during consultation showed strong support for option 1 (see image overleaf).

Therefore, Council will arrange for the loading zone to replace the 15-minute restriction within the next six weeks.

### Further Information

For further information please contact Traffic Engineer Corey Allen on 1300 653 356.

# Chapel Road, Moorabbin – Changes to Parking Conditions
