## Proposed changes to parking in your street during the Level Crossing works

Level Crossing Removal works at Cheltenham have required the closure of the station car park – which has resulted in very limited all-day parking for community members catching the train to work.

Council wants to **temporarily** provide extra all-day parking in streets near Cheltenham station.

At the moment a number of local streets in Cheltenham have timed restrictions on both sides with no all-day parking provided. This is unusual, with most time restrictions in Kingston applied only to one side of the road to provide a mix to balance the different needs of the community.

## Proposed temporary changes

Council proposes removing the 4P 8am-5pm timed parking restrictions on one side of the street to provide all-day parking on (see map over the page):

- the north side of:
  - Cameron Street
  - Page Street
  - Tuck Street
  - Hoffman Street (between Edward Street and Elman Street)
- the west side of
  - Courtney Street
  - Hoffman Street (between Cameron Street and Tuck Street)
  - Nepean Highway Service Road

## Marked parking bays

Some residents had flagged they were concerned about parked cars obstructing driveways. To help combat this, Council will be installing 'hockey stick' line markings to clearly show where it is safe to park in the street. Line markings will be installed within the next 4-6 weeks.

## Have your say

We need your input to determine whether the local community supports or opposes the proposed changes. Council wrote to residents in September 2019 seeking your feedback. Thank-you to those of you who took part, but overall there was a low response rate. We know life can get busy, so are writing again to make sure we take your views into consideration. Have your say by:

- filling out attached survey and posting/emailing it back
- filling out the online survey at [yourkingstonyoursay.com.au/cheltenham](http://yourkingstonyoursay.com.au/cheltenham)
- phoning Kingston's Traffic team on 1300 653 356

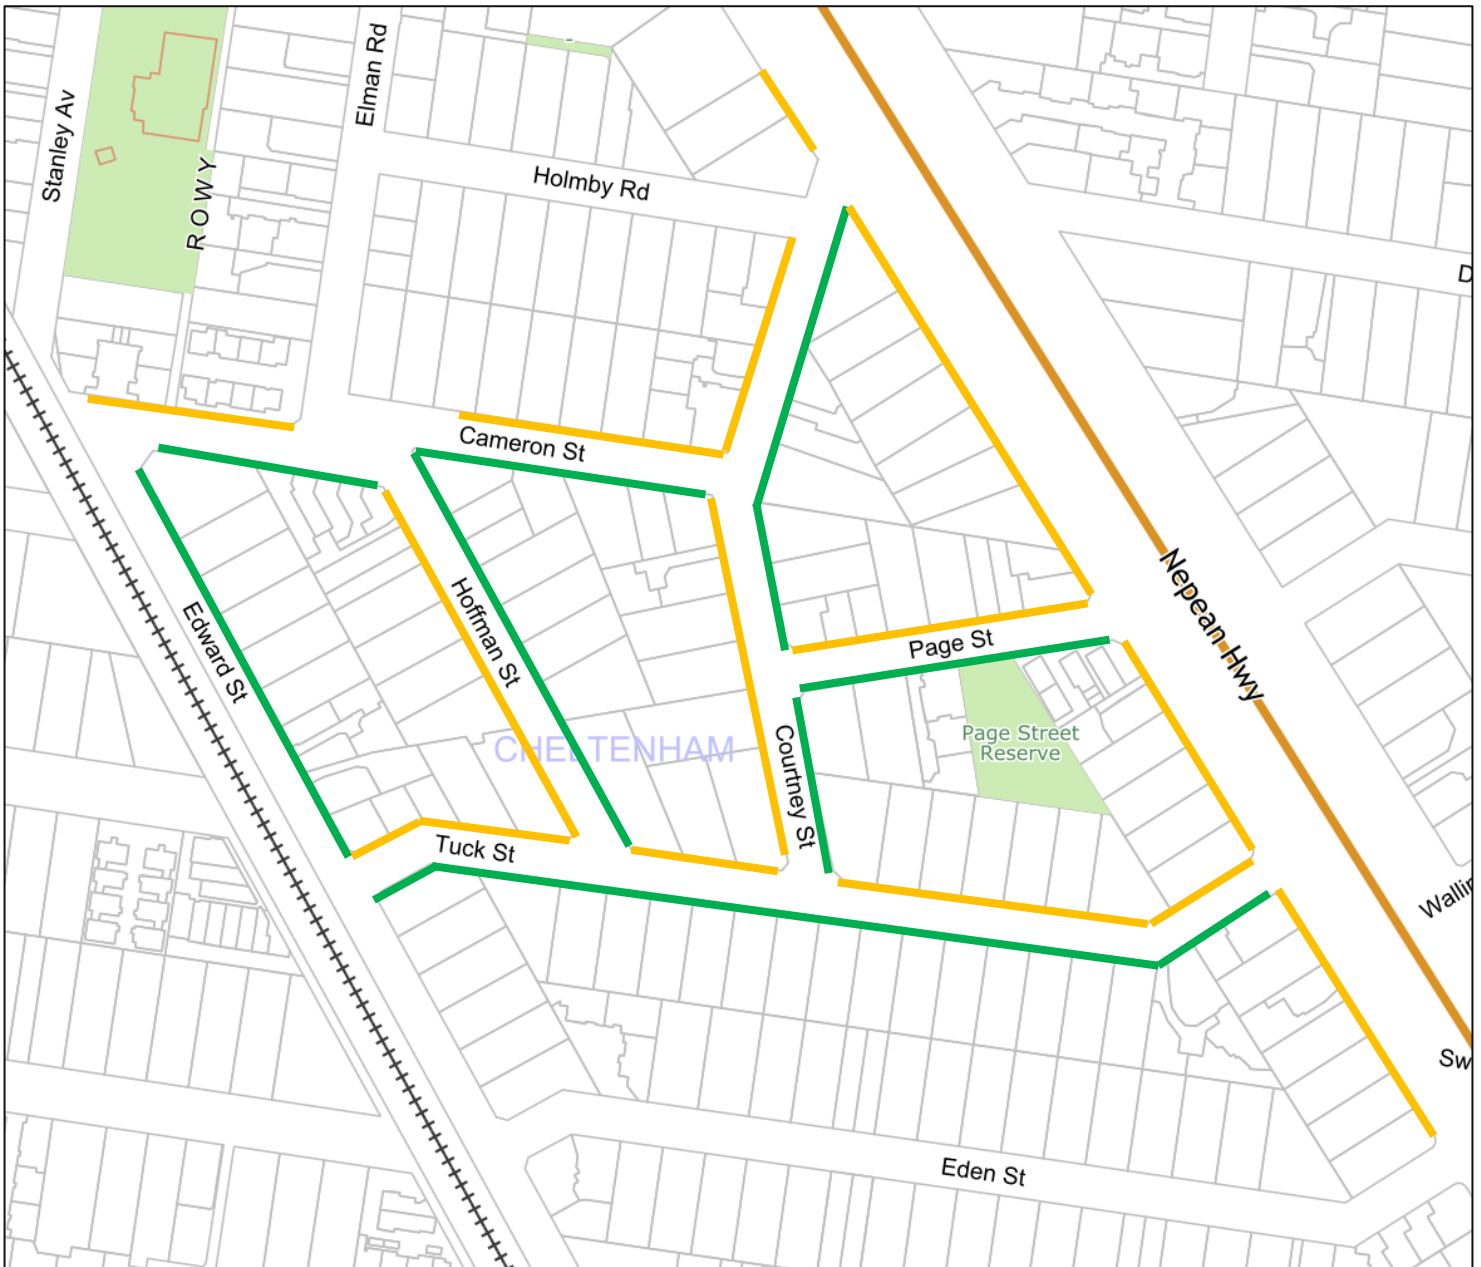

## Further Information

For further information please contact Traffic & Transport Planning Engineer Julian Birthisel on 1300 653 356.

# Cheltenham Area South of the Activity Centre – Proposed change to parking conditions

	Retain existing "4P 8am-5pm Mon-Fri" parking restrictions
	Proposed unrestricted parking
