Vialls Avenue, Parkdale – Proposed Change to Parking Conditions – Outcome

Background

In January, Council consulted with local residents about proposed parking changes to Vialls Avenue, Parkdale following community concerns about high levels of parking during peak school times. A number of options were proposed:

Option 1: Introduction of 'Permit Only 8-9:30am and 2:30-4pm School Days' restrictions on the north (odd number) side of Vialls Avenue, between No.1 Vialls Avenue and No.11 Vialls Avenue.

Option 2: Introduction of 'Permit Only 8-9:30am and 2:30-4pm School Days' restrictions on the south (even number) side of Vialls Avenue, between No.2 Vialls Avenue and No.14 Vialls Avenue.

Option 3: No change to current parking conditions.

Council Action

There was a weak support for the changes to car parking conditions. As a result, no changes will be made to the parking conditions on Vialls Avenue at this stage.

Further Information

If you have any questions regarding this project, please contact Traffic Engineer Linda Tran on 1300 653 356.
