Main Street, Mordialloc – Disabled parking space

Background

In November last year, Council consulted local residents and businesses in Main Street Mordialloc after receiving concerns about a lack of disabled parking opportunities.

Council sought feedback on the following proposal:

- Convert the first parallel 2P 9am-6pm parking bay opposite 554 Main Street to one 2P full-sized disabled parking bay.

Council Action

Community feedback during consultation showed mixed support for the proposal. As such, Council has decided not to proceed with the proposed disabled parking bay.

Council will continue to monitor parking in the area to determine if any changes may be required in the future.
