March 2020

Nepean Highway, Carrum – Proposed change to parking conditions

Background

Council is responding to community concerns about high levels of parking and difficulty exiting driveways along Nepean Highway in Carrum, between Old Post Office Lane and Eel Race Road once the Level Crossing Removal Project works are completed in the middle of 2020.

To address this Council is proposing to change the current parking conditions to improve parking opportunities for residents.

Council Action

Council seeks your feedback on the following proposals (see image over page for more details):

- Installation of '3P 8am-6pm' on the residential side of Nepean Highway in Carrum, between No. 655 and Eel Race Road.
- Installation of 'hockey stick' line markings 3m to the south of crossovers to improve sightlines for residents exiting driveways.

Please Note: Residents living adjacent or opposite the restricted parking areas would be eligible for a residential parking permit to allow them to park within the restricted area.

Council's Parking Management Policy allows for 2 residential parking permits per single dwelling and 1 residential parking permit per dwelling for dual-occupancy units. The permits cost \$20 per year, with the fee waived for the first permit for a single dwelling.

According to Council's Parking Management Policy, sub-divided lots with 3-or-more dwellings, multi-unit developments and businesses are not eligible for a residential parking permit. Additionally, all dual-occupancy and sub-divided lots granted planning advertisement after 28th of July 2015 are also not eligible. These developments are expected to have on-site parking as required under the Kingston Planning Scheme. To check your eligibility and apply for parking permits, please visit kingston.vic.gov.au/parkingpermit. Alternatively, you are also able to visit us at 1230 Nepean Highway to lodge your application.

Have Your Say

We would appreciate your feedback and ask that you complete the enclosed questionnaire and return it to Council by 25th March 2020.

Further Information

For further information please contact Traffic and Transport Planning Engineer Julian Birthisel on 1300 653 356.

Help shape new projects in your neighbourhood! Council regularly seeks community input to design new projects and initiatives.
