Clayton Road service road, Clayton South – Parking Changes Advisory

Background

Council is responding to community concerns regarding parking on Clayton Road service road in Clayton South.

Council Action

The service road measures less than 7 metres wide, and therefore cannot support parking on both sides of the road whilst maintaining the required minimum 3 metres clearance for through traffic.

As such, Council will be implementing a 'no stopping' zone on the east side of Clayton Road service road (please see diagram overleaf). This will improve traffic movement through the service lane and ensure parked vehicles maintain 3 metres clearance for though traffic as required by the Victorian road rules.

The 'no standing' signs will be installed within the next 2-4 weeks.

Further Information

For further information please contact Traffic Engineer Linda Tran on 1300 653 356
