## Imes Street, Parkdale – Changes to Parking Restrictions

### Background

Earlier this month, Council consulted residents about their opinion on the following changes to parking restrictions in Imes Street, Parkdale:

**Option 1** – Install ‘1-hour parking 9am-5pm Saturday and Sunday (April to October)’ on the **residential side** of the road. These restrictions will apply on all Saturday and Sundays in the months from April to October.

**Option 2** – ‘No Stopping’ on the south side of Imes Street at the bend. See image overleaf for further details.

**Option 3** – No change to parking conditions.

### Council Action

Community feedback during consultation showed strong support for option 1 and 2. Therefore, Council will arrange for the new signage (option 1 and 2) to be installed within the next six weeks.

### Please note:

Residents living adjacent or opposite the restricted parking area are eligible for a residential parking permit to exempt them from the time restrictions. Council’s Parking Management Policy allows for two residential parking permits per single dwelling and one residential parking permit per dwelling for dual-occupancy units. The permits cost \$20 per year, with the fee waived for the first permit for a single dwelling. Sub-divided lots with three or more dwellings, multi-unit developments and businesses are not eligible for a residential parking permit.

To check your eligibility and apply for parking permits, please visit [kingston.vic.gov.au/parkingpermit](http://kingston.vic.gov.au/parkingpermit). Alternatively, you are also able to visit us at 1230 Nepean Highway to lodge your application.

### Further Information

For further information please contact Traffic Engineer Corey Allen on 1300 653 356.
