Bernard Street, Cheltenham – Proposed Speed Limit and Safety Changes

Background

Council is responding to community concerns about the speed limit along Bernard Street and safety when accessing the parking spaces outside the shops between Parnell Street and Rosewarne Avenue, Cheltenham.

Council Action

Council seeks your opinion on the following proposed changes:

- Change the speed limit along Bernard Street from 60 km/h to 50 km/h
- Install speed cushions near Parnell Street and Rosewarne Avenue.

The 50km/h speed limit is consistent with similar Council managed roads and will help to improve safety and amenity in the area. The proposed speed cushions will enhance safety outside the shops as well as help pedestrians to cross the road using existing centre refuge islands. Please refer to the plan attached for more details on the proposed speed cushions.

All speed limits in Victoria are governed by VicRoads and an important consideration in any speed limit change is the community's feedback on the proposal.

Have Your Say

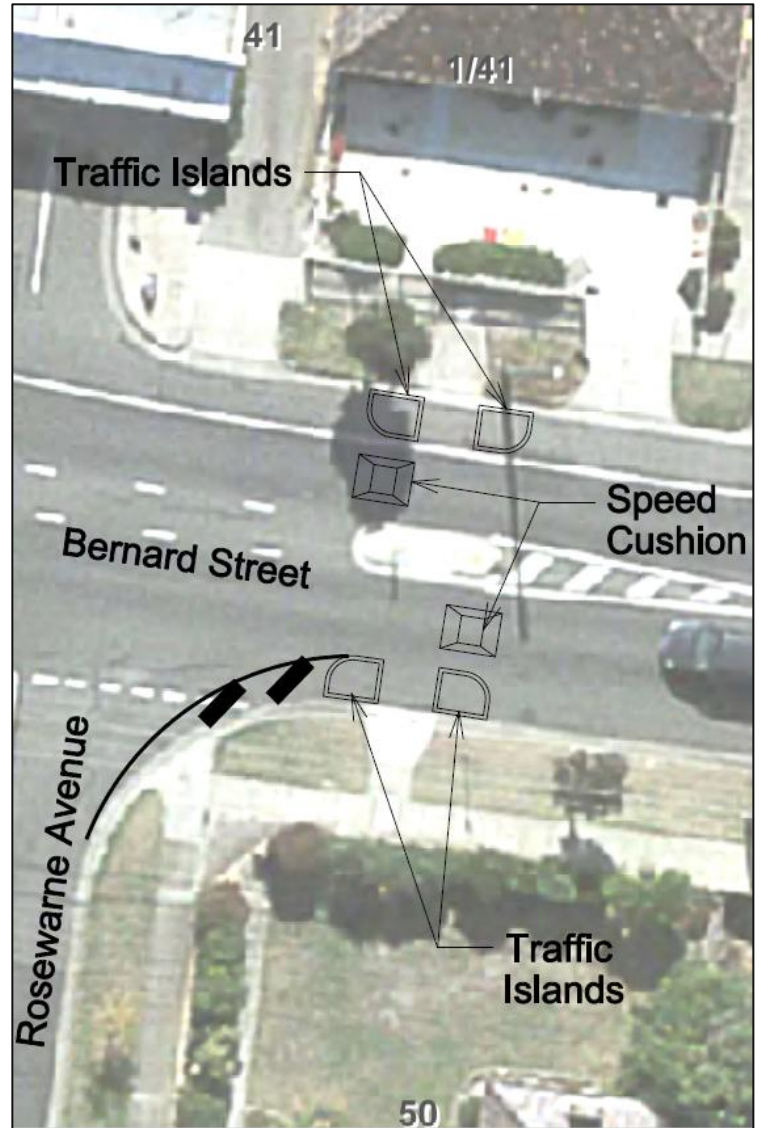

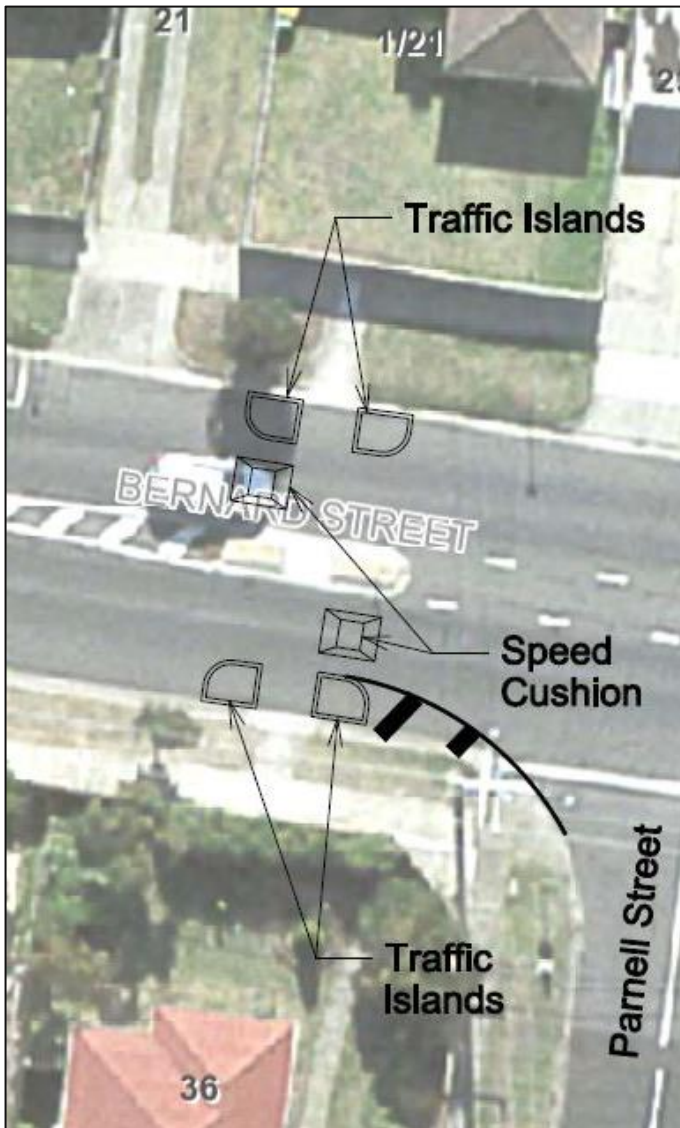

We would appreciate your feedback and ask that you complete the enclosed questionnaire and return it to Council by 30 November 2019.

You can also visit yourkingstonyoursay.com.au/turner_and_bernard to have your say on this consultation, as well as similar traffic consultations in the area.
