Endeavour Way and Lakewood Boulevard, Braeside – Speed cushion installation

Council is responding to community concerns regarding high levels of hooning activity at the Endeavour Way and Lakewood Boulevard intersection.

To assist in the prevention of hooning activity at this intersection, Council is planning to install multiple speed cushions (see attached plan for further details).

The location of the speed cushions has been selected to prevent the level of hooning activity at the intersection whilst having minimal impact on truck access.

The speed cushions are expected to be installed in October 2019.

Further Information

For further information please contact Traffic Engineer Corey Allen on 1300 653 356.
