Robert Street, Parkdale – Change to parking conditions

Background

In June, Council consulted local residents in Robert Street, Parkdale after receiving community concerns about high levels of congestion during school pick-up and drop-off periods.

Council sought feedback on the following proposal:

- Introduction of a 'Permit Zone 8-9:30am and 2:30-4pm School Days' on the south side of Robert Street, between Gilbert Court and 58 Robert Street.

Council Action

The results of the community feedback showed that there is support for the proposed change.

Therefore, Council will now organise for the signs to be implemented. It is expected that the signs will be installed in the next 4-6 weeks.

Please note: residents living adjacent or opposite the restricted parking areas are eligible for a residential parking permit to allow them to park within the restricted area.

Council's Parking Management Policy allows for 2 residential parking permits per single dwelling and 1 residential parking permit per dwelling for dual-occupancy units. The permits cost \$20 per year, with the fee waived for the first permit for a single dwelling.

According to Council's Parking Management Policy, sub-divided lots with 3-or-more dwellings, multi-unit developments and businesses are not eligible for a residential parking permit. Additionally, all dual-occupancy and sub-divided lots granted planning advertisement after 28th of July 2015 are also not eligible. These developments are expected to have on-site parking as required under the Kingston Planning Scheme.

Further Information

For further information please contact Traffic and Transport Planning Engineer Julian Birthisel on 1300 653 356.

Robert Street, Parkdale – Change to parking conditions
