Fifth Avenue, Chelsea Heights – Proposed 2P Parking Conditions

Background

In August 2019, Council consulted with residents to seek their opinion on the following proposed changes to parking conditions along Station Road:

- Option 1: Introduction of '2P 8am-5pm' on the western side (even number) of Fifth Avenue
- Option 2: Introduction of '2P 8am-5pm' on the eastern side (odd number) of Fifth Avenue
- Option 3: No change to current conditions, unrestricted both sides.

Council Action

Community feedback during the consultation period showed little support for the proposal, with majority of residents in favour of option 3, no change to current conditions.

All additional comments made during the consultation period have been reviewed and as such, Council has decided not to move forward with the proposal.

Council would like to thank all those that participated in the survey and provided feedback during the consultation period.

Further Information

For further information please contact Traffic Engineer Dillon Grech on 1300 653 356.
