Elizabeth Street, Mentone – Change to parking conditions

Background

In June, Council consulted local residents in Elizabeth Street, Mentone after receiving concerns from local residents about high levels of parking between Collins Street and Salmon Street.

Council sought feedback on the following proposal:

- **Option 1:** Introduction of '4P 9am-5pm Mon-Fri' parking restrictions on the west side of Elizabeth Street between Collins Street and No.17
- **Option 2:** Introduction of '4P 9am-5pm Mon-Fri' parking restrictions on the east side of Elizabeth Street between Collins Street and Salmon Street
- **Option 3:** No change to parking in the street.

Council Action

The results of the community feedback showed strong support for the installation of parking restrictions with similar levels of support for east and west sides.

Council has reviewed the comments provided by residents and decided to proceed with Option 2, on the east side of the road. This option aligns with the restrictions in the south section of the street and improve the sightline issues when turning out of Salmon Street that were noted as part of the feedback.

It is expected that these changes will be installed on the east side of Elizabeth Street in the next 4-6 weeks.

Please note: Residents living adjacent or opposite the restricted parking areas would be eligible for a residential parking permit to allow them to park within the restricted area.

Council's Parking Management Policy allows for 2 residential parking permits per single dwelling and 1 residential parking permit per dwelling for dual-occupancy units. The permits cost \$20 per year, with the fee waived for the first permit for a single dwelling.

According to Council's Parking Management Policy, sub-divided lots with 3-or-more dwellings, multi-unit developments and businesses are not eligible for a residential parking permit. Additionally, all dual-occupancy and sub-divided lots granted planning advertisement after 28th of July 2015 are also not eligible. These developments are expected to have on-site parking as required under the Kingston Planning Scheme.
