

# Doug Denyer Reserve

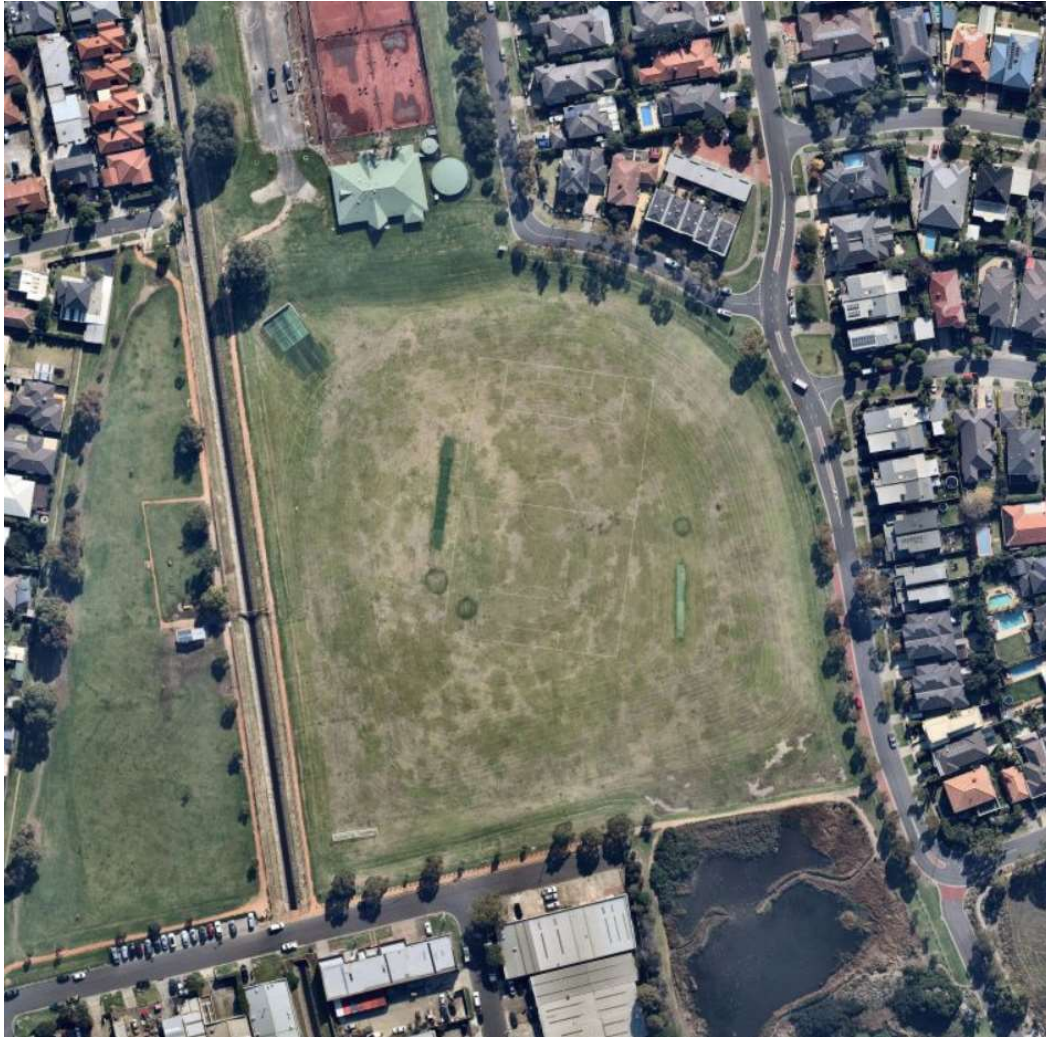

Sports Lighting Installation

*community inspired leadership*

*City of*  
**KINGSTON**

# Sports Lighting Request

- Insufficient sports facilities to meet current demand
  - Soccer
  - AFL junior / female
- Health and Wellbeing benefits of increased participation
- Social connections through Sporting Clubs
- Request from Clubs to consider lighting
- Opportunity for increased unstructured recreation
- Consideration of flood events

# Funding Opportunity

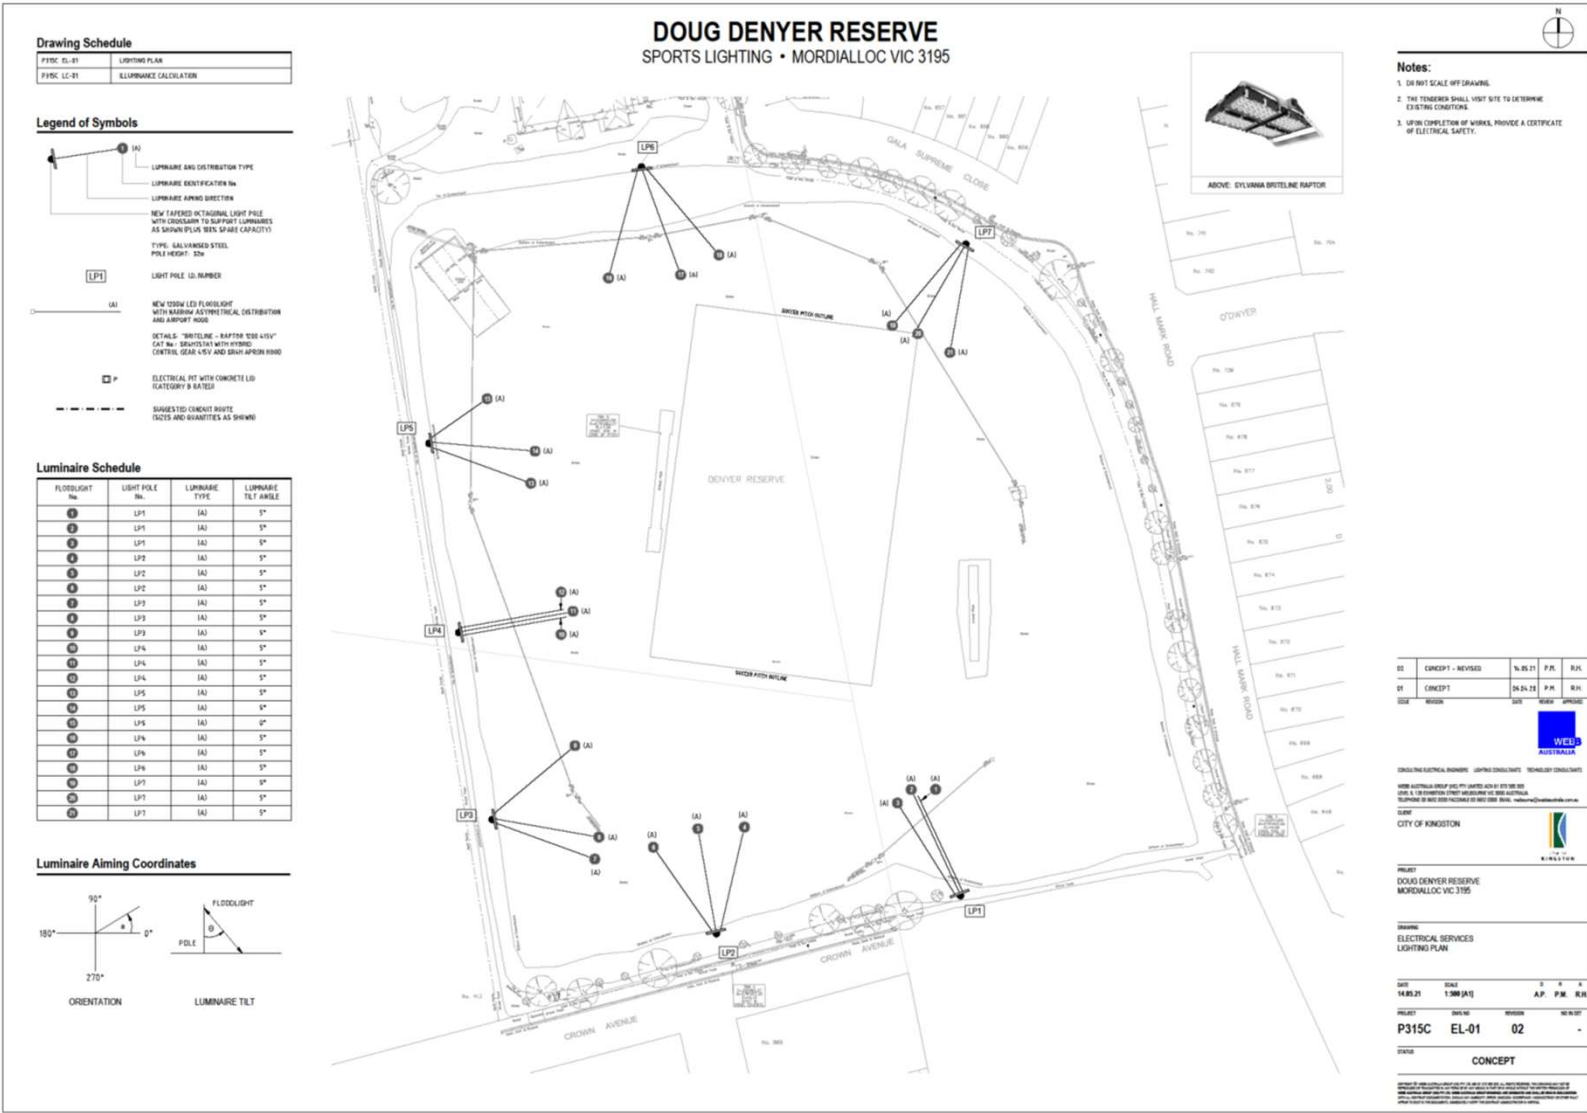

## State Gov. Community Sports Infrastructure Stimulus Program

- Council endorsed 10 projects for submission
- \$2.5M received from the State Government
- Council to contribute minimum 10% total program costs
- 2yr project completion requirement
- Bonbeach Recreation Reserve, Edithvale Recreation Reserve, Kingston Heath Reserve, Heatherton Recreation Reserve, Doug Denyer Reserve, Parkdale Bowls Club, Keeley Park Reserve, Clarinda Tennis Club, GR Bricker Reserve and Highett Recreation Reserve

**SPORT AND RECREATION  
VICTORIA**

# Lighting Plans

# Sports Lighting Technology

- Ecological assessment on the proposed design
- Existing LED technology significantly reduces light spill.
- Lights directed to the playing fields only
- Australian Standards require minimal light spill outside of the sports field
- Design to take into consideration flood events

# Predicted Usage

- Mordialloc Junior Football Club and Aspendale Soccer Club
  - Expand junior and female participation
  - Gradually build over the coming 3years
- Estimated Hours of Use
  - Monday to Friday 5pm-9pm
- Winter programming from 2022
- Allows greater recreation usage.  
e.g running, walking, play

# Next Steps

- Finalise lighting design
- Receive ecological assessment report
- Confirm Melbourne Water approval
- Confirm Moorabbin Airport approval
- Tender process to appoint suitable electrical contractor
- Light pole order (up to 20week lead time)
- Installation to occur in early to mid 2022
- Approximate 12week installation timeframe
